TOUCH of CLASS FLOOR CLEANER

What is Touch of Class Floor Cleaner?

Touch of Class Floor Cleaner is a unique, all-natural, floor cleaner specifically formulated to make the cleaning of timber floors simple and easy to do. *Touch of Class Floor Cleaner* cleans safely and effectively without detergents or chemicals. It is child, people, and pet friendly and is environmentally safe and non-polluting.

How Does Touch of Class Floor Cleaner Work?

Touch of Class Floor Cleaner works best when allowed to do the job for you. Lightly spray apply to the floor, allow a short time for it to penetrate and work and most contaminants, even scuff marks and build-up in food preparation areas, can be simply and easily removed.

What Can Touch of Class Floor Cleaner Be Used On?

Touch of Class Floor Cleaner is specially formulated to make the cleaning of Timber, Bamboo, Engineered floors, Laminates and even Cork, simple and easy. Most floors can be simply cleaned with a light spray application of *Floor Cleaner* and a lightly dampened mop. This keeps the moisture level down, which is important on most modern floors, and makes the cleaning of floors **quick and easy**. Unlike other products, there is NO residue left to attract dirt again. *Touch of Class Floor Cleaner* is 'free-rinsing' leaving floors looking great.

What Will Touch of Class Floor Cleaner Remove?

Touch of Class Floor Cleaner removes a lot of problems like: children's marks and messes, wine, blood, general soiling, oils and other food preparation area problems, scuff marks and even pet problems. If a spill occurs on a floor the problem should be wiped up and then the area cleaned with a light application of *Touch of Class Floor Cleaner* to remove any residue.

What is Touch of Class Floor Cleaner Made From?

Touch of Class Floor Cleaner is made entirely from renewable plant-based ingredients. It's unique chemical-free formula includes, but is not restricted to: extracts of soy, differing grains, oats, sugarcane, cactus, corn, tree oils, coconut, some herbs and essential oils plus plant-based surfactants in water. There are NO chemicals and none of the nasties.

What People Say About Touch of Class Floor Cleaner

Touch of Class Floor Cleaner is gaining a lot of respect and a growing number of satisfied users. Floor layers love using it because they can use *Touch of Class Floor Cleaner* on the floor, when needed, and leave the floor looking pristine and new. People are telling us they love using *Touch of Class Floor Cleaner* because it is very **Easy-to-Use**, leaving their floors looking great. *Touch of Class Floor Cleaner* has even removed noticeable problems on timber floors that no other cleaning products would touch. **That has to be good news!**
